About The **HAVEN**

We know that a diagnosis of a life-limiting illness can be traumatic and life-changing.

The Haven supports individuals, carers, children young people and families to manage the emotional distress and impact of illness and caring responsibilities, and to live life well with hope and prosperity.

Our specialist team of Nurses, Coordinators and Wellbeing Practitioners can provide one-to-one support and resources to help you throughout every stage of illness: from diagnosis; during and after treatment; and at end of life - including bereavement support for families.

All services are free and delivered online, by telephone, or in-person by pre-booked appointments.

we are here for you
